

Ann Mwangi Mvurya - The Beautiful Mossad Agent

Now, we can authoritatively say that University of Nairobi Students Association (UNSA) President - Ms Ann Mwangi Mvurya - is a Mossad-Kenyan (see “Meet the Mossad-Kenyans” below). However, we can continue referring to her by that name, since we do not know her real name, and will probably never know it.

UNIVERSITY OF NAIROBI STUDENTS ASSOCIATION (UNSA) PRESIDENT - ANN MWANGI MVURYA

Even though Ms Mvurya was sent to Kenya to eventually harm us, the fact is that she was simply following orders. Even when soldiers are captured by their enemies during war, they are supposed to be treated humanely, since they were only following orders from their commander-in-chief.

Looking at her situation, it is obvious that she has sacrificed a lot for her country.

Imagine being ordered by your boss to become the mistress of a sewer rat like Nairobi Governor Mike Sonko...And on top of that, you are also ordered to make sure you have his baby!

NAIROBI GOVERNOR MIKE SONKO

The least one would expect her bosses to do for her now that she has been outed, is to let her rest and reconcile with her current unexpected circumstances.

Hounding Ann to give media interviews in order to try to refute the fact that she is a Mossad-Kenyan, is not only a futile exercise, it is humiliating to her as a human being.

If she is already in Israel, I wish her the best. She deserves to live happily, after such a sacrifice for her country's extraordinary ambitions.

If she is holed up at the Israeli Embassy in Nairobi, how are they going to fly her out of the country?

Clearly, Ms Ann Mwangi Mvurya is in distress.

If they force her to do another such interview, anyone who cares about her human rights should contact Human Rights organisations around the world to find her, and rescue her.

They should not force her to do interviews. Just let her walk to a restaurant in Nairobi, and post a video about it – a video that will clearly prove that it is less than 1 day old, and include a well-known person in Kenya.

She is the President of University of Nairobi Students Association! She knows a lot of famous Kenyans.

Surely, there must be one such well-known Kenyan who will be happy to go out for coffee with her today. Just do it and end all speculation.

Mossad - A Spy Agency Like No Other

Never underestimate Mossad. In the Silvia Romano case, when the story of her kidnapping refused to die away, even after almost 2 years, they flew her from Israel to Somalia, and organised for her quick “rescue”.

The international media they control reported that Silvia had been rescued in Somalia after an “intelligence-led operation”. Case closed.

Something very interesting about the Silvia Romano case: Even Somalia media reporting about her “rescue”, quoted foreign media! ZERO details about Silvia Romano from the ground. You can't make this stuff up.

How will they solve this problem of Ann Mwangi Mvurya?

Will they “produce” Ann and have her walking on the streets of Nairobi in broad daylight?

If she is in Israel, they can bring her back to Kenya, the same way they took her from Kenya to Israel. If she is holed up at the Israeli Embassy in Nairobi, they would just need to transport and drop her off clandestinely in the CBD.

Consider the following: If Ann is photographed on Nairobi streets, and you are the Kenyan official who deals with such matters, and you know she has a FAKE Kenya ID, how would you react?

If you have her arrested and charged with having a fake ID, or being in Kenya illegally, you know that Israel will consider you personally as their enemy. Would you risk it?

What about if you are the University of Nairobi Vice Chancellor - or whomever deals with cases of fraud/Fake KCSE Certificates at UoN - would you push to expel her from campus for using a fake KCSE certificate to get enrolled at the university?

Israel might calculate that no one would dare investigate Ann for the fake ID/fake KCSE certificate.

Would Mossad take that chance, and send Ann back to Nairobi? Time will tell.

Meet the Mossad-Kenyans

Mossad (and other Israeli spy agencies) operate very differently from ALL other spy agencies.

1. For instance, if you were told that a Russian, American, French or British spy agency had 50 agents embedded into Kenyan society, where they present themselves as Kenyan natives - and are therefore Black/Arab-looking, or mixed-race - and you are a small time shopkeeper in rural Kenya, or a peasant farmer, you would know that it is next to impossible for that agent to be embedded into you.

What would their interest in you be?

However, Mossad (and other Israeli spy agencies) could actually have a Mossad-Kenyan embedded into a Kenyan peasant, because they would have calculated that such an agent could eventually give them access to a certain VIP Kenyan.

Example: You could be a peasant, but you have a cousin who is married to a Kenyan VIP. If Mossad desperately want access to the VIP, and could not do it directly, or through the spouse, then, even a peasant cousin would do, even if the peasant is not close to the VIP cousin.

Mossad strategists would have calculated that, closeness to the aloof VIP could be cultivated in future, once their Mossad-Kenyan is embedded to the peasant relative.

2. If a spy for a non-Israeli agency was told to get married to a certain targeted person, and get children with the person, they would rather defect than do that.

Mossad-Kenyans - and other Mossad agents operating as natives of other countries - will gladly get married to whomever their bosses tell them to, and even start a family with that person.

In the case of the outed Mossad-Kenyan “Ann Mwangi Mvurya”, the girl was reported to have been pregnant, and apparently, the Kenyan politician she was embedded to was the person responsible.

The Kenyan politician - Nairobi Governor Mike Sonko - could never imagine that his mistress, who is even ready to start a family with him, was doing so because it was part of her job description.

Hats off to Mossad.

National Security

When a Mossad-Kenyan is embedded to a Kenyan VIP, this presents various potential dangers to the country.

One might look at the outed Mossad-Kenyan “Ann Mwangi Mvurya” and conclude that she must be harmless, because “she looks harmless”. However, she was acting on orders from her superiors in Mossad, and if she was ordered to kill a Kenyan VIP, she would have done it.

A Mossad-Kenyan embedded to a Kenyan VIP also gets access to other Kenyan VIPs. That presents a very serious problem when the Mossad-Kenyan has not yet been outed.

If I worked for Kenya security services, and it was my job to deal with this matters, this is how I would go about it:

I would quietly study closely the details of the people closest to the politician I believe has 90% probability that Mossad already have their agent embedded into him. I am almost certain I would be able to prove, at the minimum, that a person close to him is not who he/she says they are.

NOTE:

1. If I was told I have been given 1 week to out the Mossad-Kenyans I can within that time period, and given the resources I need, I would immediately look at people very close to 3 Kenyans - the politician mentioned above, and 2 other Kenyans who are not politicians, who I know are also very likely candidates to have Mossad-Kenyans embedded into them.

2. I have outed “Ann Mwangi Mvurya” as a Mossad-Kenyan - though I have never met her - by studying the information about her that is publicly available.

However, doing the converse i.e. outing Mossad-Kenyans embedded to people I believe are likely targets to have a Mossad-Kenyan embedded into them, cannot be done without

more resources, in cases where the Mossad-Kenyan keeps a very low profile, or has ZERO online profile.

3. The fact that the Mossad-Kenyans outed already are both female, does not mean that Mossad only uses females in this type of schemes. They use males, too. For instance, they send their agent to seduce a particular woman they want him to be embedded into.

It is almost impossible for the man to fail to win the woman, whether she is married or not. This is because they have the advantage of listening to her deepest secrets. If she is married, they will know about the state of their marriage, and potential areas of conflict.

They will also know what the lady likes, that the husband does not do or doesn't have e.g. The husband might keep a beard, yet she hates that. The agent sent to her will be clean shaven.

Mossad also has the advantage in that they have the resources to start a rumour, and make it seem to be true. If they want to break a marriage that is strong, they might start a very believable rumour about one spouse cheating...

Does Ilhan Omar ring a bell?

Colonise Kenya by ALL Means Necessary

It is obvious that there is a very serious plot to conquer and colonise Kenya through the back-door.

Some naive Kenyan might argue that, if Kenya was colonised by Israel - a 1st world country - then it would be a good thing, since we might also end up being a 1st world economy.

Wrong. The suffering Kenyans would experience would be at least 1,000,000 times what was experienced during the time the country was colonised by the United Kingdom.

If they manage to conquer Kenya through the back-door - by propping up an undetected Mossad-Kenyan as president - this how Kenya would look like:

1. Kenya would be praised as one of the most progressive nations on earth. A Mossad-Kenyan - Ms Mvurya or some other undetected Mossad-Kenyan- would be president of Kenya.

Kenya would have an openly gay Vice President. Transgenders would be seen as heroes and heroines. The most popular socialite/online influencer would be a drag queen .

If you opposed the direction the country was heading to, “they” would know about it, through backdoors in computers, phones and other electronic devices. They would then shadow ban you, so that what you write online cannot be seen by anyone else.

If you decided to appeal to Kenyans directly about the need to turn away from “the evil the government is advocating”, by addressing them in markets and social gatherings, “they” will find a way to make sure you lose your job, and if you are a businessman, they will find ways to make sure your business collapses.

Most people would surrender at this stage.

However, if you decide that you would rather die than see Kenya turned to the “devil’s kingdom”, and continue your activism against the Mossad-Kenyan rulers, “they” would eventually find a reason to have you charged in court on trumped up charges and imprisoned.

When “they” send you to prison, your spirits will still be high. You will think about all the great people who have been imprisoned while fighting for the freedom of their people - Jomo Kenyatta, Nelson Mandela, and many others.

You will tell yourself: “They will beat me, deny me food, but I will persevere...”

However, “they” will not beat you, nor deny you food. “They” will send several hardcore criminals serving life sentences to be your cell mates. They will be promised that, if they cooperate, their sentences would be reduced, and they would be freed.

Your cell-mates job would be to sodomise you, by force. Not once. Not twice. But regularly.

By the time you will be released, you will be a completely broken man.

2. Your 7 year old son will come to you with this request: “Dad, please send me to hospital to be changed into a girl...”

You will say no.

The police will arrest you for child neglect, and send you to jail. Your son will then be sent to be cared for by a gay couple. The first thing his foster parents will do, is take him to hospital for gender-change surgery.

3. Women throughout Kenya will be scared of going to public bathrooms. A lady will go to a hotel bathroom, only to find a hairy-chested “Carol” applying make-up...
