

## **How to Expose and Neutralise the 5,000 IMPOSTORS Sabotaging Kenya**

Now that the IMPOSTORS sent to Kenya by MOSSAD have made it clear that they want to topple the government, it is absolutely necessary to out them now, so they can be neutralised.

It is important to note that, the IMPOSTORS working under the radar in villages and towns across Kenya, are much more dangerous than the public-figure IMPOSTORS already outed.

Recently, these “unknown” IMPOSTORS manipulated voters, and made sure the candidates MOSSAD was supporting won by-elections in Mt Kenya region.

**The IMPOSTORS have tasted blood. They will go for the kill, unless stopped and disarmed.**

These “unknown” IMPOSTORS must be stopped now, before they topple the government.

They want to topple Jubilee government and install their puppet, William Ruto, as president. Imagine Kenya under Ruto, Rigathi Gachagua and other extremely corrupt individuals?

But that is not even the biggest problem. The biggest problem is that they prefer Ruto because they have already embedded many MOSSAD SPY-IMPOSTORS into him e.g. Farouk Kibet.

Their plan is to install Ruto as president, then expose his many corrupt deals over the years (that they keep hidden for now), then an “unknown” IMPOSTOR will lead a “peaceful revolution”, that will end with the IMPOSTOR becoming president - Colonisation of Kenya through the backdoor.

How will Kenyans out/expose these Foreign-Born MOSSAD spies/IMPOSTORS?

Note that they could be your neighbour, your boss, your employee...An IMPOSTOR could even be a motorbike rider in some rural town/village.

An IMPOSTOR could be a local teacher, a nurse, or even a pastor. In fact, a well-known Kenyan pastor is a Foreign-Born MOSSAD spy/IMPOSTOR.

I have not yet named this famous “pastor” publicly, because it is not necessary at this point.

A certain well-known Kenyan journalist is also a Foreign-Born MOSSAD spy/IMPOSTOR. I haven't named the journalist publicly, yet.

There are also 2 MPs who are Foreign-Born MOSSAD spies/IMPOSTORS, but I have not named them publicly, yet.

This is because I have realised that the MOSSAD spies/IMPOSTORS living what appears to be mundane lives in various Kenyan towns and villages, are much more dangerous than their famous kin.

## **Method to Out MOSSAD spies/IMPOSTORS Living Apparently Mundane Lives in Kenyan Towns/Villages**

1 year ago, I outed then President of University of Nairobi Students Association (UNSA) – Ms Ann Mwangi Mvurya - as a Foreign-Born MOSSAD spy/IMPOSTOR, yet I have never met her.

Since I have never stated how or why I arrived at that conclusion, MOSSAD also doesn't know how/why I managed to out their spy/IMPOSTOR.

Maybe MOSSAD believes it must be some African witchcraft.

**ANN MVURYA**

However, I was able to out Ms Mvurya as a Foreign-Born MOSSAD spy/IMPOSTOR because she possesses certain characteristics that I have come to discover are possessed by MOSSAD spies/IMPOSTORS. And MOSSAD spies/IMPOSTORS only.

What I am volunteering to do, is to tell Kenyans how to identify a Foreign-Born MOSSAD spy/IMPOSTOR, who is right now masquerading as just another Kenyan in the village/town.

These IMPOSTORS may look harmless, but do you think MOSSAD did all that work of teaching Israeli citizens Kenyan languages, and sneaking them to Kenya ILLEGALLY, so they can just live peacefully among Kenyans?

The work they do under the radar, is to sabotage Kenya 365 days a year. They could be the reason your business collapsed. They could be the reason you are jobless, or why you are poor. You just don't know it.

I have requested various Kenyan media to host me in one of their shows, so I can inform Kenyans how to spot these IMPOSTORS.

The method will out at least 95% of the 5,000 IMPOSTORS in Kenya.

The few who won't be detected will become practically useless. Exposing 4,750 out of 5,000 IMPOSTORS will leave the remaining 250 having the same capability as a car without an engine. Totally useless.

NOTE: Once an IMPOSTOR is outed, their ability to harm Kenyans is significantly reduced. It is like knowing someone deals in fake currency. When he pays you in cash, you are extra-cautious.

All that is needed to expose these IMPOSTORS, is for at least 1 Kenyan media to agree to host me in one of their LIVE shows.

It is crucial that it is a LIVE show, because if I expose this method of identifying MOSSAD spies/IMPOSTORS in a non-LIVE show - or even write about it here or elsewhere - then MOSSAD will immediately order their IMPOSTORS to do a,b,c to avoid detection.

EXAMPLE: Suppose I state in a recorded program - or write about it here or elsewhere - that one characteristic all these IMPOSTORS have, is that they don't eat chicken.

By the time Kenyans know about it, every IMPOSTOR would have been ordered to make sure his/her next meal is chicken, at a public place, and also make sure he/she is seen eating chicken by people who are close to him.

When Kenyans learn about the "chicken characteristic" of IMPOSTORS, they wouldn't think it could be the people they saw eating chicken the previous hour/day/week.

Suppose I mention this characteristic in a LIVE show. There are many Kenyans who will immediately know person X does not eat chicken.

If they find person X eating chicken, they will already be aware that person X also knows about that IMPOSTOR characteristic...They might even become extra-suspicious of person X.

I am hoping just 1 Kenyan media will host me in a LIVE show, we destroy this IMPOSTOR menace.

The alternative: IMPOSTORS win. Kenya will become like those failed African states, where every young man is ready to risk his life crossing the Sahara and Mediterranean, to go and become a refugee in Europe, because of hopelessness back home.

## **IMPOSTORS' Sabotage Activities**

These 5,000 IMPOSTORS do various SABOTAGE activities under the radar, undetected by Kenyans. The jobs they do include:

1. Attending - in large numbers - political rallies hosted by DP Ruto and his allies and cheering, to make them appear to be popular on the ground;
2. Attending - in few numbers - political rallies of politicians seen as a threat to DP Ruto's interests, and heckling, to make them appear to be unpopular on the ground;
3. Spying on targeted Kenyans;
4. Sabotaging businesses of patriotic Kenyans;

5. Popularising unpatriotic Kenyans, on the ground and online;
6. Slandering patriotic Kenyans, on the ground and online;
7. Blackmailing targeted patriotic Kenyans;
8. Popularising ANTI-KENYA policies, on the ground and online;
9. Misleading Kenyans about PRO-KENYA policies, on the ground and online;
10. Becoming embedded into certain targeted Kenyans - as business associates, friends, girlfriends/boyfriends or husbands/wives;
11. Using rumour and innuendo to cause suspicion and hate between different Kenyan tribes;
12. Being sent outside Kenya to act as just another Kenyan student/immigrant, and do the above 1-11 jobs on targeted Kenyans abroad.
