

How Mossad Flipped Mutahi Ngunyi and Sabina Chege

Mutahi Ngunyi's recent extreme boot-licking of William Ruto has even alarmed UDA supporters, who have told him to go easy on the boot-licking.

Sabina Chege's recent extreme boot-licking of William Ruto has alarmed other Murang'a politicians, who have told her to stop behaving as if she loves Ruto more than they do.

Both Mutahi and Sabina are not naive.

So, what is going on?

Mutahi has even suggested that Kenyans who do not support recent tax increases should leave the country...

Sabina has suggested that, anyone from Mt Kenya who does not support Ruto must be sick in the head.

For these 2 knowledgeable people to raise Ruto's status to that of god, it means there is something strange going on in their lives.

What is it?

Education for the rich: Concern as thousands set to miss out in new varsity funding model

Friday, August 11, 2023

University education will likely be out of reach for thousands of students who will miss out on government funding under the new financing model, as only those with deep pockets will afford it.

Mossad likes using the technique of "Conveying SELECTIVE INFORMATION" to FLIP a targeted person (see bottom of this article).

They bombard the person with this "SELECTIVE INFORMATION" in order to FLIP-Switch him - i.e. change his beliefs, likes, dislikes etc.

However, for Mossad to use this tactic, they need to first embed an impostor into the targeted person.

Mutahi Ngunyi

Mutahi taught political science at the University of Nairobi for many years. He was also a newspaper columnist for top local media in the 1990s and 2000s.

He is therefore a very knowledgeable person.

He claims that he loves Ruto because he is the 'first non-dynasty' to rule Kenya.

Really?

- Jomo Kenyatta: His father was a peasant and died while Jomo was a child. Orphaned Jomo was brought up by poor distant relatives;

- Daniel arap Moi: His father was a peasant and died while Daniel was a child. Orphaned Daniel was brought up by poor distant relatives;

- Mwai Kibaki: His father was a peasant.

Fact is that Jomo Kenyatta and Daniel arap Moi family backgrounds are much more poorer than Ruto's.

In fact, even Kibaki's family was poorer than Ruto's family, while growing up.

Also, Ruto became a multimillionaire in his twenties, by hobnobbing with then ruling KANU elite, including the so-called dynasties.

Provable FACTS:

- Jomo Kenyatta was not a millionaire in his twenties;

- Daniel arap Moi was not a millionaire in his twenties;

- Mwai Kibaki was not a millionaire in his twenties;

Mutahi knows all this.

Does it mean he cannot find one single, genuine reason he can use to explain why he is now supporting Ruto?

How is that possible?

How can you support a politician, yet you cannot find anything good in him, and you have to lie shame-lessly about why you support him?

Many people would assume this person is boot-licking Ruto so he can be appointed to a prominent govt position.

Very wrong.

If it is about that, there are a lot of things he can say e.g. Ruto is Kenya's no.1 farmer, no.1 philanthropist...things that, even if not true, you cannot prove they are lies.

Kenya's debt up record Sh1.56trn

WEDNESDAY AUGUST 16 2023

Kenya borrowed the largest amount of money in a single year during President William Ruto's first year in office, pushing the debt levels past the ceiling amid shortfalls in tax collections and increased repayment obligations.

Gross debt stock climbed Sh1.56 trillion for the financial year ended June, fresh data released by the Treasury shows, breaching the Sh10 trillion mark by Sh189.53 billion.

Kenya ended the last financial year in June with a gross total debt load of Sh10.19 trillion, a growth of 18.08 percent over Sh8.63 trillion a year ago, which was the last full fiscal year for former President Uhuru Kenyatta.

Mossad applied the FLIP-Switch on Mutahi a few months ago.

This was possible because Mossad had embedded an impostor into Mutahi years ago - This impostor is someone close to Dorcas Rigathi.

.@IsraelMFA: As you are aware, this person who calls herself "Pastor Dorcas" is your subject, even though she has lived in Kenya since she was around 15 years old.

She is one of top 10 impostors destabilizing Kenya.

Please order her to return home & never return to KE.

Thanks.

For years, this impostor lay dormant, or appeared to be dormant, but was surreptitiously passing Mutahi's private information to higher-ups in Mossad hierarchy.

Due to Mutahi's job in government, he had access to top-level state secrets.

The impostor embedded into him would get this secrets from Mutahi, and pass them on...

Mossad would synthesize the info obtained secretly from Mutahi (without Mutahi realising he is leaking state secrets to Mossad), then pass it on to other senior impostors like Farouk Kibet, Veronica Maina...who would then pass it on to Ruto, UDA think tanks, bloggers etc.

That is one reason that UDA/Ruto always appeared to be a step ahead of govt...

Current Circumstances

The economy is doing very badly.

Due to the high cost of living, a lot of wananchi are very angry with the government.

They desperately need Mt Kenya people to continue supporting the govt, despite their economic problems.

Any prominent Kikuyu Mossad can FLIP, they are FLIPPING him/her, so they can push the Mountain people to believe that, 'even if they are experiencing a lot of economic problems, this govt is theirs, and they must protect it...'

That is where people like Mutahi come in.

That is why they applied the FLIP-Switch on him.

Sabina Chege

Sabina Chege became well-known and much liked in the Mountain in the 2000s when she worked as a presenter in several local radio stations.

She was jovial, easy-going, friendly...In fact, if there was a poll 5-10 years ago, asking who was the most liked female personality in the mountain, Sabina could easily have won that contest.

That is how much loved she was.

Interestingly, it is because of her popularity that Mossad became interested in her.

Several years ago, they used a business transaction involving a motor vehicle, to embed an impostor into her.

After the election, Mossad applied the FLIP-Switch on her.

She soon defected to KK coalition.

Reason Mossad had not applied the FLIP-Switch on Sabina before last year's election was because:

(a) Mossad likes having their assets in all political sides.

(b) Although Mossad worked very hard to determine the outcome of Kenya election, they couldn't be 100% certain that their candidate would be sworn in as head of state.

They therefore needed their assets to remain where they were, until all was clear.

@citizentvkenya

President Ruto to Cabinet Secretaries: The moment I know more than you know about your ministry, there is a problem. Explain to me how you will advise me if you have less information than I do. I call many PSs and ask them what is going on here and they have no clue.

How do you run a department if you don't have knowledge? That is the highest level of incompetence.

A few months ago, Sabina did a media interview, and it was like it was a different person speaking.

She spoke very bitterly about Mountain people 'who did not support William Ruto'.

She did not give any logical reason why Mt Kenya people who did not support Ruto 'must be very evil human beings'.

In her rant, she appeared to have elevated Ruto into some sort of deity.

The FLIP-Switch was on and working wonders.

NB: KK regime has tried to paint their politics/economics as being modelled on 'Kibaki-nomics', yet everything they do is OPPOSITE of what Kibaki did, as a politician and as president.

- Kibaki and cash handouts were like oil and water; Ruto believes in cash handouts;

- Kibaki believed in meritocracy; Ruto believes in patronage and obsequiousness;

- Kibaki believed going to church was a private affair; Ruto publicises his church visits...

Regardless of these facts, it is the job of Mutahi, Sabina and others, to convince Mt Kenya people that Ruto-nomics 'is working', just like 'Kibaki-nomics'.

PsyOps

What is psyops?

- Any action which is practised mainly by psychological methods with the aim of evoking a planned psychological reaction in other people...

- Psychological Operations to influence the emotions, motives, and behaviour of governments, groups, organisations or enemies....PSYOPS are planned and coordinated Intelligence Operations designed to target people's vulnerabilities to influence them.

- Psychological Operations meant to convey selective information and propaganda to certain individuals, groups and governments so as to influence their reasoning and behaviour.

"Convey SELECTIVE INFORMATION": This is the most potent weapon Mossad has been using in Kenya (I wrote about it more than 2 years ago).
